Dear Parents and Carers,

SPARKS – University of Hull

We are delighted to let you know that your child has been selected to take part in the University of Hull Sparks programme.

This is an exciting opportunity for a select number of students across Years 7 to 11. The aim of the programme is to encourage students to raise their aspirations, start thinking about their future as early as possible and to ensure they have all the information required to make informed choices about their life.

Across each year group, students will take part in a variety of sessions with University of Hull staff and students, either at The King's School or at the University campus. Students will explore how to make appropriate decisions when deciding how to make informed career and educational choices.

All core Sparks sessions will take place during school time. However, we strongly encourage you to help your child engage with the programme by discussing the sessions they have taken part in and support them to start thinking about the future.

If you have any questions then please don't hesitate to contact myself at The King's School on telephone number 01977 601701 or email address admin@kings.patrust.org.uk or contact the University team at outreach@hull.ac.uk
